In the event mare owner elects to use frozen semen, the first shipment will be sent at no additional charge to mare owner. In the event more is requested, a shipping fee of \$275 shall be due to Peterson and Smith Equine Hospital in Ocala for the rental of the container and its shipping to mare owner and return of the container to Peterson and Smith. Two doses will be sent per heat cycle requested.
3. Shipping fees shall be the responsibility of the **mare owner**. (see addendum for fees and instructions)
4. The cost of additional collections shall be the responsibility of the **mare owner**. **The cost will be \$225.00 per collection, payable to Flying Colors Partnership.**
5. Before the first shipment of semen, the **mare owner** shall provide a veterinary certificate and current uterine culture taken when the mare is in heat (within thirty days) showing the mare to be in good breeding condition.
6. **Mare Owner** agrees to notify **Stallion Owner** in writing when the mare is deemed safely in foal. This contract guarantees return privileges next year for the same mare, if she is checked by a licensed Veterinarian and found to be barren at 55 days from the last date of service. Mare is entitled to be bred for two breeding seasons. If the mare is deemed unfit for breeding by a licensed Veterinarian or dies, the **mare owner** may substitute a new mare, subject to her acceptance by Stallion Owner.
7. Should the mare not produce a live foal that stands and nurses, the **mare owner** shall be entitled to return. This guarantee shall apply only if Flying Colors Partnership is notified in writing by a licensed Veterinarian and sent by registered letter within 48 hours of foal's death. 8. Should transported live semen be utilized, **Stallion Owner** only assumes responsibility of shipping semen in viable condition at the time of delivery to the **Mare Owner**. Stallion Owner assumes no responsibility for loss of semen viability or associated expenses due to any delay in shipment, delay in airline schedules, or delay in courier services beyond **Stallion Owners** control. Semen shall be administered by a licensed Veterinarian on the day of delivery.

9. In the event **Claim To Fame** is unable to breed or send fresh semen due to sickness, injury or death, frozen semen may be substituted with mare owners permission. A shipping fee of \$275 will be charged by Peterson and Smith Equine Hospital in Ocale where shipment will originate. That will be the entire charge per shipment for container rental and shipping both to mare owner and return charges for container to Peterson and Smith. No other additional fees shall be charged by stallion owner. (If this were to occur upon the first breeding request, stallion owner will pay this fee for the first shipment of frozen semen).
